**Enzymatic detergent for foam gun**

**Enzymes  
=  
Powerful**

**Food  
industries**

**Foam canon /  
Middle pressure  
system**

**Multi use**

**Application**

**Enzymatic foaming detergent** used for the cleaning of floors, the vertical surfaces and difficult accesses.

- Ensure an in-depth cleaning thanks to the transformation of the organic stains ;
- Elimine and degrade all kind of organic residues (starch, grease, proteins).

**Use**

Food industries : butcheries, slaughter-houses, sauces manufacturers, bakeries, etc.

**Dosage /  
Instructions**

- 3 % ideally in hot water (40-50°C)
- Use a foam canon or a foam centrale ;
- Spread the foam on all surfaces to be treated ;
- Let act 15 to 30 minutes for in-depth action ;
- Rinse with clear water (40°-50°C).

**Advantages**

For more than 30 years, REALCO has been developing cleaning solutions respecting the environment. The enzymatic technology developed by REALCO is the best performing solution on the market to protect our environment and the user (patented technology : n°EP1025052, n°PCT/EP2006/060244).

- Preventive and curative actions against biofilms ;
- Recovery in-depth of the surfaces ;
- Easy and fast rinsing ;
- Time saving during the use (the enzymes work alone) ;
- Continuous action on blocking in downstream pipes ;
- Reduction of unpleasant and expensive maintenance ;
- Positive impact on environment.

**Active  
Matters**

**Among others :**

<b>Surfactants</b>
<b>Hydrophile solvents</b>
<b>Enzymes</b>

**Physical-  
Chemical  
Properties**

<b>Aspect</b>	Liquid
<b>Colour</b>	Colourless
<b>Density</b>	1,015±0,05 kg/l
<b>pH</b>	7,0±0,5

**Precautions**

Product developed for a strictly professional use. It is recommended to use the product for the applications defined here above.

For more information on our product, we invite you to consult the safety data sheet that can be provided to you on a simple request.

It is recommended to wear a mask with a P3 filter for the product's application, and also for the rinse at high and middle pressures.

**Article code  
Packaging  
Palletization**

LIQ0969  
1 x 25 L  
24 cans / pallet

**Storage**

Storage in the packing of origin closed, between +4°C and +25°C.  
Deadline of optimal use : 1 year from the date of delivery, 6 months after opening.

**Respect for people, a guarantee for the environment**

REALCO is strongly committed to sustainable development. This is why, in order to measure their biodegradability, our products are tested according to international standards.

The product ENZYFOAM SG reaches >99%

Biodegradation ratio observed after 28 days in accordance with OECD 302 guideline.
